

## CUMANN LÚTHCHLEAS GAEL

### Constructions Requirements

1. Provide a summary of the Contractors' Insurances, Public Liability, Employers Liability and Contractors All Risks.
2. The Club and Cumann Lúthchleas Gael must be specifically indemnified on the Contractors' Public Liability Policy, by endorsement, and we must see a copy of the actual endorsement.  
MOST IMPORTANT
3. The limit of insurance on the Contractors All Risks policy must equal that of the contract.
4. We must see a copy of the unsigned contract prior to work commencing.

Croke Park have directed that these requirements are met in full and wish to be appraised immediately of any situation where these requirements are not being met. Uninsured persons or organisations are strictly prohibited from engaging in work on behalf of the GAA.

I would also point out in relation to any proposed construction, work carried out by club members in a voluntary capacity including but not limited to block/brick laying, roofing, scaffolding, plumbing, plastering, electrical, carpentry, tiling, glazing etc. of any description is **NOT** covered under the GAA liability policy.
